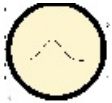
Core blocks



NonSpiking Neuron

graded membrane voltage, S(V) drive

NonSpiking Synapse

excitatory or inhibitory, Esyn sign

SpikingLIF Neuron

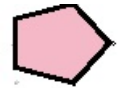
integrate-and-fire with threshold reset

IaMuscle Spindle

length and stretch velocity encoder

IbGolgi Tendon

Golgi tendon organ force encoder



Muscle Activation

first-order activation filter

Full-library additions

SynSum

sums up to eight synapse lines

BPA_10mm

10 mm BPA force, Festo fit surface

BPA_20mm

20 mm BPA force, Festo fit surface

BPA_40mm

40 mm BPA force, Festo fit surface

BioMuscle

Thelen-style biological muscle

BPAForce

generic BPA force placeholder
